

This volume contains papers submitted to the IV International Partner Conference, organized by the International Research Centre “Scientific Cooperation”, Rostov-on-Don, Russia as a part of the XIV Annual International Conference of the Bulgarian Comparative Education Society (BCES) *Education Provision to Every One: Comparing Perspectives from Around the World*, June 2016.

The theme of the IV International Partner Conference is *Education, Science and Research: Innovative Perspectives for Development*.

The book consists of 20 papers written in the English and Russian languages by 36 authors and co-authors coming from Armenia, Croatia, Georgia, Kazakhstan, Malta, Norway, and Russia.

The papers are thematically distributed into 2 parts: Part 1 “Educational Development Strategies in Different Countries and Regions of the World: National, Regional and Global Levels”; and Part 2 “Key Directions and Characteristics of Research Organization in Contemporary World”.
