

Well Done BCES!

From October '91 till now
You have made so much progress
A 25th landmark you've reached
Well done BCES!

Non-governmental, non-profit
You've shown you've got much prowess
By organising fourteen conferences
Well done BCES!

International research projects
You co-ordinate with much success
Comparative education studies too
Well done BCES!

Education issues you have exposed
In publications you reassess
Study visits for foreign teachers and learners
Well done BCES!

At least a Master's Degree one needs to have
Your elitist membership to access
Your screening checks are well benchmarked
Well done BCES!

Your General Assembly and Management Board
Make decisions on every process
Responsibilities are quite numerous
Well done BCES!

Included in your overall objectives
Comparative Education you address
To develop as an academic discipline
Well done BCES!

The time is now right for one and all to laud
The creditable talents and traits you possess
So let's raise a heartfelt shout of praise
Say, "Well done BCES!"

Happy 25th Anniversary!
