

The Bulgarian Comparative Education Society (BCES) was founded in Sofia in October 1991.

BCES is registered as a non-profit, non-governmental organization. It focuses on:

- organizing conferences on comparative education
- doing comparative education studies
- coordinating international research projects
- supporting publications on problems of education
- organizing study visits to Bulgaria for foreign students and teachers
- publishing books on comparative and international education

BCES topics of special interest are:

- comparative education as a university discipline
- pre-service and in-service teacher training
- education policy at international, national, regional and local level
- new practices in preschool and primary education
- new practices in secondary education
- reforms in higher education
- lifelong learning and social inclusion
